MAXUS

From Maxus to the World

Maxus, a global leader in commercial vehicles with nearly a century of expertise, is known for its innovation and quality. Acquired by SAIC in 2009, the brand expanded into China. SAIC, China's largest automaker, achieved 1.01 million overseas sales in 2022. It continues to grow globally with Maxus, aiming to innovate and break traditions by offering a series of user-centric, competitive vehicles that create value for customers.

Heritage of over **120** years

1869
Legendary Origins

The first model, British LDV, was produced and **formed the foundation of the Maxus V80.**

1917
A Royal Honour

Leyland models joined the Royal Motorcade for **The House of Windsor**.

1974
Sherpa, Leyland

1981
Freight Rover

1987
Allied for Success

Leyland DAF was formed after Rover Group Commercial merged with DAF Trucks Group.

1993
LDV Limited

2004
New Beginnings

LDV launched a new commercial vehicle, **Maxus**.

2004
LDV Maxus

2009
Maxus V90
Light Truck

2015
Leading the Electric Charge

SAIC Motor powered ahead with a **pure electric wide-bodied light passenger vehicle** in China.

eDeliver 5

An electric commercial van that delivers far beyond expectations, it combines an exceptional range, spacious capacity, and an aerodynamic design that elevates it above its class.

MAXIMISED CARGO SPACE

Built on the new EV platform, MILA (Modular, Intelligent, Light-weight, Architecture), offering a maximised cargo space of 6.6m³ for more efficient trips.

SEAMLESS ENTRY

The keyless entry feature streamlines the delivery process, giving drivers quick and easy access to the van.

360° SURROUND VIEW

Equipped with a 12-point safety system that includes a category-first 360° surround-view camera, to enhance driver caution and safety on the road.

WIDER RANGE

Delivers an impressive 489km WLTP city range, enabling longer routes and reducing the need for frequent charging.

eDeliver 7

A premium electric commercial van designed with ample cargo space and a spacious cabin for exceptional comfort on the road.

BIGGER, SAFER, FASTER

Features a 5.9m³ cargo volume, 1,500kg payload, and larger doors for safer and faster loading.

INTERACTIVE INFOTAINMENT SYSTEM

12.3" touchscreen that streamlines driver access to navigation, entertainment, and diagnostics, enhancing safety and efficiency.

SPACIOUS CABIN FOR THREE

Three-seat configuration with a 10-way adjustable driver's seat, armrest, column-shift gear lever, and electronic parking brake with autohold, providing ample legroom for enhanced comfort.

ADVANCED SAFETY FEATURES

Equipped with 360° surround-view camera and Advanced Driver Assistance Systems (ADAS), drive with enhanced safety and confidence on the road.

eDeliver 9

The largest electric commercial vehicle in Singapore, offering 9.7m³ of cargo space. Highly customisable to suit various business needs, including conversion into a mobile office.

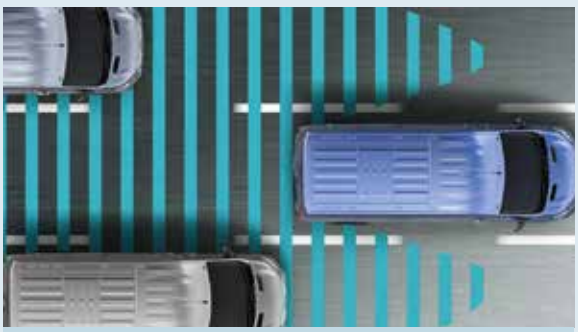

BIGGER, SAFER, FASTER

Features a 9.7m³ cargo capacity with larger side and rear doors, designed for safer and more efficient loading and unloading.

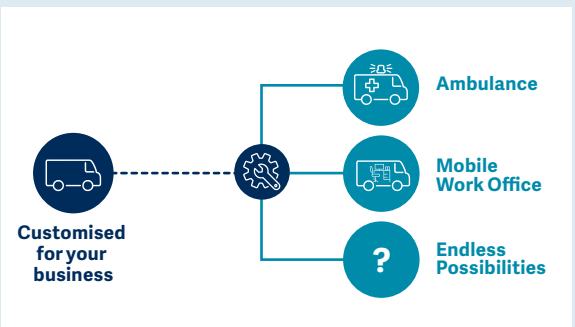

CHARGE ON THE GO

With three 3-pin sockets and V2L (Vehicle-to-Load) technology, your EV becomes a mobile power hub—charging tools, devices, and equipment anytime, anywhere.

ADVANCED SAFETY FEATURES

Equipped with Advanced Driver Assistance Systems (ADAS) and 360° surround-view camera, drive with enhanced safety and confidence on the road.

FLEXIBLE SPACE

Tailored by Cycle & Carriage to meet your unique business needs, whether for a spacious cargo van or a mobile workstation, creating the ideal vehicle for your operations.

eTerron 9

Four-Wheel Drive fully electric pickup built to haul, tow, and conquer the toughest worksites – engineered with power, durability, and smart versatility to meet every business demand.

EXCEPTIONAL POWER & PERFORMANCE

Powerful dual-motor system, delivering a combined 325kW peak power and 700Nm of torque – Ideal for urban and off-road conditions.

ENHANCED STORAGE & BUILT TO HAUL

Spacious 236ℓ weatherproof front trunk keeps tools secure, while the heavy-duty rear cargo box with 1,020kg payload is built to haul and conquer any tasks.

INTUITIVE INTERFACE & PREMIUM COMFORT

Immersive 12.3" dual-screen infotainment integrates navigation, entertainment, and smartphone connectivity. Electric seats and a spacious cabin offer comfortable seating for five.

V2L CAPABILITIES & ALL-AROUND SAFETY

On-the-go power with interior and exterior Vehicle-to-Load (V2L). Suite of safety features with latest Advanced Driver Assistance Systems (ADAS) and 360° surround-view camera.
